TMA Services

Professional Small Engine Servicing Price List

This downloadable guide brings together our current estimated servicing prices across lawnmowers, chainsaws, generators, strimmers, brushcutters and motorcycles up to 1000cc.

All prices shown are non-VAT prices. Mobile repair callouts are charged at £50 before work begins, while workshop drop-offs avoid the callout fee and receive a 15% discount on the quoted service price.

Important Notes

- All prices are estimated routine service prices for standard industry equipment and may vary depending on make, model, age, condition and mobile or drop-off fees.
- We are not VAT registered, so no VAT is added to any of the prices shown.
- Mobile repair callouts are £50 before any work begins.
- Bring your equipment to our workshop and you receive 15% off the quoted service price.
- Repairs, seized components, specialist diagnostics, replacement parts, tyres, chains, belts, blades and consumables outside a standard service are quoted separately.
- Mobile servicing, collection and delivery can be arranged where suitable and will be confirmed as part of the final booking.
- For an accurate quote, please provide the equipment make, model and any known running issues.
